The Program

STEP 1 : 8:15 AM

Meet your guide at the agreed location (confirmed the day before) in La Rosière for a full briefing on the day's plan and mountain safety. You'll be equipped with safety gear (airbag backpack, avalanche beacon, shovel, probe).

STEP 2 : 9:00 AM

From La Rosière, you'll use the ski lifts to reach the Col du Petit Saint Bernard — the designated heliski departure point.

STEP 3 : 10:00 AM

Board the helicopter for your first drop, a carefully chosen summit. Your guide will choose the best area based on conditions. You'll begin your first descent through untracked powder.

STEP 4 : 12:30 PM

After the first run, the helicopter returns for the second drop. This descent features over 1,300 metres of vertical — a wild and thrilling ride through untouched terrain.

STEP 5 : 2:00 PM

After the second descent, our private shuttle pick up you and drop you back to departure point. You will have time to enjoy a lunch together with your guide and continue to dream a little more. The experience ends and already, a thought lingers in your mind: coming back to do it again!
