Le Programme

Step 1 : 8:15 AM

Meet your guide at the agreed location (confirmed the day before) in La Rosière for a full briefing on the day's plan and mountain safety. You'll be equipped with safety gear (airbag backpack, avalanche beacon, shovel, probe).

Step 2 : 9:00 AM

By the ski lifts you arrive at the Col du Petit Saint-Bernard, on the border between France and Italy — the helicopter pickup point.

Step 3 : 10:00 AM

Your first drop takes you to a summit selected by your guide, based on snow and safety conditions. Enjoy a full descent in untouched snow, then prepare for the next one.

Step 4 : 12:00 PM

The helicopter returns after each run to take you to new summits and new lines. The third and final descent is the longest, with over 1,000 meters of vertical in remote, pristine terrain.

Step 5 : 14:00 PM

After your last run, a private transfer takes you back to La Rosière.
